

Name: Date:

Parts of a computer

Use the words below to label the parts of a computer.

monitor

mouse

keyboard

speakers

computer

Computers, like ones in the picture, are sometimes called **workstations** if they are attached to a **network**.

A laptop has the screen, keyboard and computer built together. Draw and label a laptop computer correctly.

Name: Date:

Peripherals

scanner	printer	headphones	digital camera
---------	---------	------------	----------------

These peripherals are used in various ways to help us input and output information when working on the computer.

Which peripherals input information - into a computer. Label **IN**

Which peripherals output information - out of a computer. Label **OUT**

Name: Date:

Removable data storage

Removable data storage means things that can store information that are not part of the computer - like CD ROMs, DVDs, USB storage, floppy disks.

Label the removable data storage on this computer:

Card reader

CD/DVD drive

USB ports

Software for this computer is on a CD ROM and needs to be loaded by putting the CD into the CD/DVD drive.
